

# Request for Quotation

Municipality of the District of Shelburne Recreation & Parks Department is seeking a quotation for the following:

1. Clearing of overgrown and encroaching vegetation from the sides of the trails for all three Municipal trails: Tom Tigney Trail, Jordan River Trail and Roseway River Trail.
2. Grading of the trail bed for the Tom Tigney Trail.

## **Locations:**

1. Tom Tigney Trail (1.2 km) - Located in Sable River, Shelburne, NS. The trail runs from Highway #103 to Highway #3 and includes a bridge.
2. Jordan River Trail (2.6 km) - Located in Jordan Falls, Shelburne, NS. The trail can be accessed from Hayden's Road. Left from the trailhead the trail goes to Camp Jordan; right from the trailhead it goes across the Jordan River Bridge to the Jordan Branch Road. Trail includes a bridge.
3. Roseway River Trail (700 m) - Located near Falls Lane (Shelburne). It follows the abandoned railway bed and ends at the road near the entrance to the Islands Provincial Park. Trail includes a bridge.

## **Project details:**

### Brush clearing (for all three trails):

- Trim back growth six feet on both sides of the trails where needed; this includes removing brush and small trees.
- All cleared brush, branches and small trees are to be removed and taken to the C&D site in West Green Harbour.
- NOTE: There is a total of approximately 5 km of trail but the entire length of each trail does not need clearing as there are many areas that are open or that has limited growth.

### Trail grading (for Tom Tigney Trail only):

- Gather pushed out trail material from both sides to the middle and level all material to maintain trail width, slope and drainage.

## **Project schedule:**

- To be completed between before December 1, 2020.
